—Charles Lundgren, a cigar maker employed by G. E. Burrows' cigar factory at Rockford, made a wager Tuesday afternoon that he could devour an ordinary pie in two minutes, or less. A pie was procured at Basford's restaurant and he waded in. But he overrated his masticating propensities, for he lost the bet by just ten seconds. He made away with the pie, crumbs and all in just two minutes and ten seconds. At last reports he complained of a heaviness in his stomach, otherwise he was well.

—The reservoir at the water works pumping station is nearing completion; the gate house is enclosed, the foundation piers for the engines and pumps are receiving the finishing touches by the brick layers, and material is on the ground to shove the pumping house right up. The boilers are at the depot, and the engines are now due. There is a large number of workmen employed in the vicinity of the pumping house and reservoir, and it looks as though the whole plant would soon be completed and in running order.

—The team attached to Alva Russell's back took fright at the depot surroundings at about six o'clock last evening and started on a "home run" by way of Academy and Milwaukee streets. When near the post-office the back collided with a lumber wagon in which were Mr. and Mrs. Chas. Drum. Both were thrown to the ground receiving severe bruises. The light wagon was stopped after crossing the bridge, the only damage to the back being to one of the axles.

—The number of business men that come down town this morning looking like animated corpses was remarkable. It is safe to say that the installation of the Red Men last night was decidedly lively. Those that looked up toward the back of the Milwaukee street thought, to say the least, that the darkness would make yells that could be heard half way to Beloit. The lodge room must have enjoyed himself thoroughly.

—At Emerald Grove church matters and pugilism are just now badly mixed. It seems that while David Jones and James Grollman were discussing the needs of the local place of worship, reference was made to the personage, of which one of the two is a catollian. A disagreement as to the ownership of some of the minor improvements followed and words were used that the old-style discipline fails to endorse. Mr. Jones alleged to have ended the dispute finally by striking his co-laborer in the church a blow between the eyes. Both sides will have a chance to be heard in the municipal court.

—A. L. Wilcox, whom everybody in Janesville and probably everybody in Rock County knows as the accommodating head clerk in W. F. Carle's grocery, is to leave the grocery business and enter the employ of the American Express Company. His run at present will be between this city and Alton, and his first trip will be next Monday. "Carle" has now been in the grocery business between nine and ten years. He has been with W. F. Carle alone for the past seven years and has made friends enough to build himself a good sized boom in country politics. May fortune follow him.

—A summary of the Matter vs. Brown matter was given in the Court.

—To Mrs. Sarah H. Bates' suit against J. O. Brownell the defendant has filed a demurrer. The demurrer alleges that the complaint does not state facts sufficient to constitute a cause of action. The case is one of considerable interest. It was begun by Mrs. Bates to recover nine months rent on the store opposite the Gazette office which Mr. Brownell formerly occupied. The claim is that Mr. Brownell leased the store for a term of years, and that he vacated it before the expiration of the lease and failed to comply with the lease stipulations. This together with damages claimed under an earlier lease, bringing the amount sued for up to eight hundred dollars. The case will be tried before Judge Bennett on our circuit court. J. W. Bates is the plaintiff's attorney, and Messrs. Smith & Pierce, and T. S. Nolan appear for the defendant.

—Mr. and Mrs. N. Fredericks are visiting in Oshkosh.

—B. S. Hatch, the good natured representative of C. T. Reynolds & Co., of Chicago, was in the city to-day.

—Mrs. G. M. Hanchett and daughter have gone to Duluth, Minnesota, at which place Mr. Hanchett is engaged in business.

—Mr. George Bennett has left his position in Fred H. Fellows' jewelry store to accept an offer from a jewelry firm in Rockford.

—Frank B. Phelps, whose engagement as city editor of the Green Bay Gazette has already been mentioned, left for his new field of labor to-day. Mr. Phelps is a young man of much energy; both his training and his natural bent qualify him for filling a prominent place in the journalistic field, and good wishes innumerable will follow him wherever he goes.

—The pipe layers resumed work this morning, working on Galesia street east to river. They will probably reach the pumping station by to-morrow evening finishing the regular pipe line on the west side of the river. A few specials completing the pipe connections at several points remains to complete the whole pipe system on that side of Rock river. The pipe layers are now at work on the largest pipe.

—Miss Jessie Fredericks was hostess at a congenial gathering of young people at her home in the fifth ward last evening. Cards, music and dancing made the time pass on golden wings. It was well past midnight before the company broke up. Miss Fredericks' nineteenth birthday was the occasion in honor of which the party had been arranged, and it may safely be said that never was such an anniversary more happily celebrated and never were congratulations more earnest.

A pie was procured at Basford's restaurant and he waded in. But he overrated his masticating propensities, for he lost the bet by just ten seconds. He made away with the pie, crumbs and all in just two minutes and ten seconds. At last reports he complained of a heaviness in his stomach, otherwise he was well.

—The reservoir at the water works pumping station is nearing completion; the gate house is enclosed, the foundation piers for the engines and pumps are receiving the finishing touches by the brick layers, and material is on the ground to shove the pumping house right up. The boilers are at the depot, and the engines are now due. There is a large number of workmen employed in the vicinity of the pumping house and reservoir, and it looks as though the whole plant would soon be completed and in running order.

—The team attached to Alva Russell's back took fright at the depot surroundings at about six o'clock last evening and started on a "home run" by way of Academy and Milwaukee streets. When near the post-office the back collided with a lumber wagon in which were Mr. and Mrs. Chas. Drum. Both were thrown to the ground receiving severe bruises. The light wagon was stopped after crossing the bridge, the only damage to the back being to one of the axles.

—The number of business men that come down town this morning looking like animated corpses was remarkable. It is safe to say that the installation of the Red Men last night was decidedly lively. Those that looked up toward the back of the Milwaukee street thought, to say the least, that the darkness would make yells that could be heard half way to Beloit. The lodge room must have enjoyed himself thoroughly.

—At Emerald Grove church matters and pugilism are just now badly mixed. It seems that while David Jones and James Grollman were discussing the needs of the local place of worship, reference was made to the personage, of which one of the two is a catollian. A disagreement as to the ownership of some of the minor improvements followed and words were used that the old-style discipline fails to endorse. Mr. Jones alleged to have ended the dispute finally by striking his co-laborer in the church a blow between the eyes. Both sides will have a chance to be heard in the municipal court.

—A. L. Wilcox, whom everybody in Janesville and probably everybody in Rock County knows as the accommodating head clerk in W. F. Carle's grocery, is to leave the grocery business and enter the employ of the American Express Company. His run at present will be between this city and Alton, and his first trip will be next Monday. "Carle" has now been in the grocery business between nine and ten years. He has been with W. F. Carle alone for the past seven years and has made friends enough to build himself a good sized boom in country politics. May fortune follow him.

—A summary of the Matter vs. Brown matter was given in the Court.

—To Mrs. Sarah H. Bates' suit against J. O. Brownell the defendant has filed a demurrer. The demurrer alleges that the complaint does not state facts sufficient to constitute a cause of action. The case is one of considerable interest. It was begun by Mrs. Bates to recover nine months rent on the store opposite the Gazette office which Mr. Brownell formerly occupied. The claim is that Mr. Brownell leased the store for a term of years, and that he vacated it before the expiration of the lease and failed to comply with the lease stipulations. This together with damages claimed under an earlier lease, bringing the amount sued for up to eight hundred dollars. The case will be tried before Judge Bennett on our circuit court. J. W. Bates is the plaintiff's attorney, and Messrs. Smith & Pierce, and T. S. Nolan appear for the defendant.

—Mr. and Mrs. N. Fredericks are visiting in Oshkosh.

—B. S. Hatch, the good natured representative of C. T. Reynolds & Co., of Chicago, was in the city to-day.

—Mrs. G. M. Hanchett and daughter have gone to Duluth, Minnesota, at which place Mr. Hanchett is engaged in business.

—Mr. George Bennett has left his position in Fred H. Fellows' jewelry store to accept an offer from a jewelry firm in Rockford.
